RUGID
GUARD
LLC

Specialized Coatings for Individualized Needs

With over 5 years experience in protective coatings, Rugid Guard offers you premier expertise in resurfacing your gas station islands, curbs, and walkways. We offer a complete restoration process. We have restored metal and concrete at stations over 30 years old. Our Coatings prevent rust and corrosion and are UV stable to protect against fading. Our attention to detail and precise application makes us stand out above the rest.

Increase your sales volume, by increasing your curb appeal. Research shows a direct link between a well maintained image and higher profits.
